COOLED SEMEN HANDLING

The WJR in its sole discretion may refuse to ship semen if The WJR believes the insemination is not proper or the Mare is not healthy.

LIVE FOAL GUARANTEE: DEFINITION

Stallion Owner guarantees a live foal with this contract as defined below. **All collection and shipping fees are non-refundable, regardless of the result of the insemination attempts.**

Definitions

1. "Birth" is defined as the time the foal has completely left the body of the Mare, and the umbilical cord has been broken.
2. "Live Foal" shall be defined as a foal that stands and nurses from the Mare, or has been fed by hand, within 24 hours from the time of birth.

RE-BREEDING

If the initial insemination attempt does not result in a live foal, Mare Owner will be entitled to subsequent shipments of cooled semen for the purpose of inseminating the Mare (or a substitute mare if approved by the Breeder) to the Stallion in the current and following year's breeding seasons ONLY, if all the below conditions are met. (1) 60 days after insemination the mare is barren; (2) Mare aborts; or (3) the delivery is not a live foal. Under any of these conditions, Owner shall, within 7 days of any of the above events, at their expense, have their veterinarian certify the identity of the Mare, verification of stillbirth, loss of pregnancy, or a non-living foal, with reasonable certainty and backup records so that Breeder may authenticate the veterinarian's conclusion. If Breeder is satisfied, in its sole discretion, with the veterinarian's conclusion, Owner will be entitled to a subsequent shipment of cooled semen. All conditions of this contract will apply to the subsequent shipments of cooled semen. The cost of Collection and shipment fees (as listed above) shall be borne by Owner, and are due prior to shipment being sent.
